

CV: FRACCALVIERI Marco, M.D.

1. PERSONAL DATA:

Fraccalvieri Marco

Male, Torino (TO), il 16.10.1963; Italian; Married, 1 children - 15. yo

Priv. add. : Via Baretto 4, 10024 Moncalieri TO

Prof. add.: Via Luigi Leonardo Colli 19, Torino, Italy;

Written and spoken languages: ITALIAN, ENGLISH, FRENCH

2. PRESENT POSITION:

Medical doctor, 1998, Surgical Specialities Department, Plastic Surgery Unit

25% attributed to teaching

20% attributed to research

50% attributed to clinica work

5% attributed to administration

Assistant Professor in Plastic Surgery

3. DIPLOMAS:

- 1982-1988, Degree in Medicine and Surgery, University of Torino, Italy, thesis: "*Psychological consideration in plastic and aesthetic patients*", dignity of the press
- 1988, Professional qualification at Medicine, University of Torino, Italy
- 1988-1991, Lieutenant Medical Officer, Italian Army. 1989 - 1993, Post-graduate Diploma in Plastic and Reconstructive Surgery, Specialization School of Plastic and Reconstructive Surgery, University of Torino, Italy. Public competition winner for post-graduate scholarship. thesis: "*Radial forearm flap*", dignity of the press
- 1996-2000: University degree in Maxillofacial Surgery and Plastic Surgery, Faculty of Medicine Brabois, University of Nancy, France
- 1997-1999: University degree of Microsurgical technique, Ecole de

CV: FRACCALVIERI Marco, M.D.

Chirurgie, University of Paris nord, France

4. TRAINING AND EDUCATION SINCE SECONDARY

SCHOOL DIPLOMA:

- 1977-1982, Scientific Maturity, Istituto Salesiano Valsalice di Torino, Italy
- 1991: *Visiting Surgeon*, Department of Plastic Surgery, University Pontificia Cattolica di Rio de Janeiro, Brasil; Prof. Ivo Pitanguy e Prof. Farid Hakme
- 1993 – 1995: *Clinical fellowship* (13 months non-continuous) in Hand Surgery, Department of Hand and Plastic Surgery, Hospital of Legnano, Italy, U.S.S.L. n° 70.
- 1994: *Research and Clinical fellowship* (3 months) in Microsurgery, Plastic and Aesthetic Surgery Clinic, University of Masaryk, Brno, Czech Republic
- 1994: *Clinical fellowship* (3 months) in Microsurgery elective and replantation, Dpt. Plastic Surgery, Ninth People Hospital of Shanghai, Second Medicine University, Shanghai, Chinese Popular Republic
- 1995: *Visiting Surgeon*, Atlanta Plastic Surgery, Atlanta, Georgia, U.S.A
- 1996: *Visiting Surgeon*, HealthSouth Surgery Center of S. Francisco, California, U.S.A
- 1999: *Visiting Surgeon*, Department of Plastic Surgery, University of Gent, Belgium
- 2003(2-5.5) : *Clinical observer* microsurgical reconstruction of cervico-facial area Plastic surgery unit, Memorial Sloan Kettering Hospital Cancer Center New York, USA
- 2009 (15.4) : *Visiting Surgeon* Angiology Unit, Casa di Cura MD Barbantini, Lucca, Italy
- 2009 (4.11) : *Clinical Observer* Peripheral Vascular Surgery Unit, Department of General Surgery, Medical Faculty of Istanbul University, Istanbul, Turkey

CV: FRACCALVIERI Marco, M.D.

5. PROFESSIONAL ACTIVITIES (POST-GRADUATE)

- 1988 - 1997: Temporary replacement Primary Medicine, USSL 1
- 1989: Medical official student, Military Health School, Firenze, Italy
- 1989-1991: Lieutenant doctor, Italian Army
- 1993-1997: Internal doctor attending with assistance functions, Institute of Plastic Surgery, S. Vito Hospital, University of Turin, Italy
- 1996: President Scientific Committee and responsible for the scientific project of the International Center for Microsurgery (C.I.M.) - studies and research on reconstructive microsurgery, under the aegis of the European Community (Interreg II)
- 1997 (28.4-27.7) : Individual work performance contract pursuant to art. 7 Legislative Decree 27/1993 between the San Giovanni Battista Hospital of Turin and dr. Marco Fraccalvieri as a medical expert at U.O.D.U. Plastic Reconstructive Surgery
- 1998-now: Medical Director I level UOADU Plastic Surgery, Azienda Ospedaliera Universitaria Città della Salute e della Scienza di Torino, Italy
- 1999-2002 : Executive director of band D, UOADU Plastic Surgery, Azienda Ospedaliera Universitaria Città della Salute e della Scienza di Torino, Italy
- 2002-2007: Executive position for PS group ASSISTANCE IN COMPLEX STRUCTURE, UOADU Plastic Surgery, Azienda Ospedaliera Universitaria Città della Salute e della Scienza di Torino, Italy
- 2004-now: Medical Advisor of Plastic Surgery Juventus Football Club S.p.A., First Team, Turin, Italy
- 2004 - 2009: Executive position PA group of COMPLEX POST-ONCOLOGICAL AND POST-TRAUMATIC RECONSTRUCTION , UOADU Plastic Surgery, Azienda Ospedaliera Universitaria Città della Salute e della Scienza di Torino, Italy
- 2006-2011: Executive position PA group of COMPLEX POST-ONCOLOGICAL AND POST-TRAUMATIC MICROSURGERY RECONSTRUCTION, UOADU Plastic Surgery, Azienda Ospedaliera Universitaria Città della Salute e della Scienza di Torino, Italy
- 2009-now: Outpatient Referent of Difficult Wounds SCDU Plastic Surgery, Azienda Ospedaliera Universitaria Città della Salute e della Scienza di Torino, Italy

CV: FRACCALVIERI Marco, M.D.

- 2011-2016: Executive position PA group of COMPLEX WOUND RECONSTRUCTION, UOADU Plastic Surgery, Azienda Ospedaliera Universitaria Città della Salute e della Scienza di Torino, Italy
- 2012-now: MEDIATOR for civil and commercial disputes
- 2016-2021: Executive position C group of COMPLEX WOUND RECONSTRUCTION, UOADU Plastic Surgery, Azienda Ospedaliera Universitaria Città della Salute e della Scienza di Torino, Italy
- 2017-2023: National scientific qualification, Band II, Associate Professor; Notice DD 1532/2016, Competition Section 06 / E2 Plastic - Reconstructive Surgery, Pediatric Surgery and Urology (Article 16, paragraph 1, Law 240/10)

CV: FRACCALVIERI Marco, M.D.

6. TEACHING

- 1995-1996 : "Assistant Professor", Department of the Degree Course in Medicine and Surgery, for the Integrative Course: "Principles of Microsurgery in Reconstructive Plastic Surgery" of the Official Course: "Plastic Surgery", Faculty of Medicine, University of Turin. UNDERGRADUATE 16 hours
- 1995-1996 "Assistant Professor", Specialization School in Plastic Reconstructive Surgery. Faculty of Medicine, University of Turin. POST-GRADUATE 30 hours
- 1994-1997: Supplementary education "Microsurgery" at the 4th and 5th years Specialization Course in Plastic Reconstructive Surgery, Faculty of Medicine and Surgery, University of Turin, Italy POST-GRADUATE 15 hours
- 1993- 1998: Supplementary education Microsurgical part of the Plastic Surgery course in the 4th year of the Postgraduate Course in Otolaryngology, Faculty of Medicine, University of Turin POST-GRADUATE 8 hours
- 1995-2003: Supplementary education of the course Principles of Vascular Microsurgery at the 3rd and 5th year Specialization Course in Vascular Surgery, Faculty of Medicine and Surgery, University of Turin. POST-GRADUATE 8 hours
- 1996-1999 Supplementary education teaching of Plastic Surgery in the 1st year Post-graduate course in Plastic, Reconstructive Surgery, Faculty of Medicine and Surgery, University of Turin POST-GRADUATE 8 hour
- 1996-1999: Supplementary education Teaching of Hand Surgery in the 3rd year Specialization Course in Plastic, Reconstructive Surgery, Faculty of Medicine and Surgery, University of Turin, POST-GRADUATE 8 hour
- 1997 - 2014: Supplementary education in the field of Plastic Surgery teaching in the 5th year of the Specialization Course in Emergency Surgery, Faculty of Medicine and Surgery, University of Turin POST-GRADUATE 8 hour
- 1999- 2008 : Teaching holder course of Reconstructive Microsurgery at the 4th year Postgraduate Course in Reconstructive Plastic Surgery, Faculty of Medicine and Surgery, University of Turin. POST-GRADUATE 16 hour
- 2003-2004: Professor of the II level Master of Cervical-Cephalic Oncology, 2nd Chair of Otorhinolaryngology, Faculty of Medicine, University of Turin, POSTGRADUATE 6 hours

CV: FRACCALVIERI Marco, M.D.

- 2003-2004: Teaching in the 1st Course in Experimental Microsurgery, University of Naples, Italy, POSTGRADUATE 4 hours
- 2004-2006: Teaching in ECM courses Difficult Ulcers, CME course for nurses, Turin. PARAMEDICAL 6 hours
- 2005-2006: Teaching in the 2nd Course in Experimental Microsurgery, University of Naples, Italy, POSTGRADUATE 4 hours
- 2006-2007: Teacher of the event: Public speaking techniques: updating and development of the doctor's presentation skills in presentations, Golden Palace Conference Center, Turin. POSTGRADUATE 4 hours
- 2007- 2019 : "Assistant Professor" (*D.M. 242 del 21.5.1998*) of Plastic Surgery at the II level University Master of Vulnology, University of Turin, POST-GRADUATE and PARAMEDICAL 8 hours
- 2000-2002 : Supplementary education in the field of Plastic Surgery teaching in the 5th year of the Specialization Course in General Surgery III, Faculty of Medicine and Surgery, University of Turin
- 2008-2019: Supplementary education in the field of Plastic Surgery teaching in the Specialization Course in General Surgery and Oncological Surgery, Faculty of Medicine and Surgery, University of Turin POST-GRADUATE 8 hours
- 2008-2012 "Assistant Professor" (*D.M. 242 del 21.5.1998*) of Plastic Surgery at the II level University Master of Advanced Techniques of Microneurosurgery, University of Turin POST-GRADUATE 8 hours
- 2008-2012 Supplementary education in the field of Plastic Surgery teaching in the Specialization Course in Oncology, Faculty of Medicine and Surgery, University of Turin. POST-GRADUATE 8 hours
- 2008-2011 Supplementary education in the field of Plastic and Reconstructive Surgery in the 4th and 5th years of the II School of Specialization in Maxillofacial Surgery, Faculty of Medicine and Surgery, University of Turin. POST-GRADUATE 8 hours
- 2008-now: Teaching holder course of Reconstructive Microsurgery at the 4th and 5th year Postgraduate Course in Reconstructive Plastic Surgery, Faculty of Medicine and Surgery, University of Turin. POST-GRADUATE 32 hours
- 2008-2012: Teaching holder of the course of Plastic and Reconstructive Surgery in the 5th year of the II School of Specialization in General Surgery, Faculty of Medicine and Surgery, University of Turin. POST-GRADUATE 8 hours

CV: FRACCALVIERI Marco, M.D.

- 2008-now: Teaching holder of the ADE course (Elective teaching activities) to the 4th year Master's Degree in Medicine and Surgery, University of Turin, on the topic "Management of difficult wounds" UNDERGRADUATE 4 hours
- 2012-2018 Subject expert in Reconstructive Plastic Surgery Master's Degree in Dentistry and Dental Prosthetics, Turin School of Medicine, University of Turin UNDERGRADUATE 16 hours
- 2016: Teacher of the ACMEC Master (Advanced Integrated Course in Aesthetic Medicine, Aesthetics and Cosmetology), Uniastiss University Center, Asti, Italy POSTGRADUATE and PARAMEDICAL 2 hours
- 2016-2019: Lecturer in the course of "Medical devices: typology, purchases and legislation" of the School of Specialization in Hospital Pharmacy, III year POSTGRADUATE 4 hours
- 2016-now: Subject expert in Reconstructive Plastic Surgery Master's Degree in Medicine and Surgery, 3rd year S. Luigi Gonzaga, Orbassano, University of Turin. UNDERGRADUATE 16 hours
- 2014-now: Supplementary education in the field of Plastic Surgery teaching in the 4th and 5th year of the Specialization Course in Orthopedics, Faculty of Medicine and Surgery, University of Turin. POST-GRADUATE 8 hours
- 2016-now: Supplementary education in the field of Plastic Surgery teaching in the Specialization Course in Ophthalmology, Faculty of Medicine and Surgery, University of Turin. POST-GRADUATE 8 hours
- 2009-now : Teacher of the Master in "Nursing Assistance in the Operating Room" with topic "Surgical Procedures and Instrumentation: Microsurgery", University of Turin, Italy PARAMEDICAL 4 hours
- 2011-2012: Lecturer and Scientific Manager of the Postgraduate Course in Aesthetic Surgery and Aesthetic Medicine, 1st edition, University of Genoa, University of Turin. POSTGRADUATE 4 hours
- 2011-2013: Lecturer in the Safety Training Course and Clinical Applications in LASER Employment: Clinical Applications in Plastic Surgery, S. Giovanni Battista of Turin POSTGRADUATE and PARAMEDICAL 2 hours
- 2011-now: Lecturer at the Italian Academy Wound Care (IAWC), University of Asti, Italy, POSTGRADUATE and PARAMEDICAL 4 hours
- 2017-2018: Scientific manager and Teacher of the Training Event "Focus on the Cutaneous Pathologies" University of Turin, POSTGRADUATE 6 hours

CV: FRACCALVIERI Marco, M.D.

TEXTBOOKS:

- *La correzione chirurgica delle malformazioni del padiglione auricolare.*
G. Bocchiotti, G. Verna, A. Rivarossa, **M. Fraccalvieri**, M. Amisano, G. Datta.
MONOGRAFIA Edizioni Minerva Medica.. Torino 1992.
- *Manuale sulla sicurezza e sull'impiego dei Laser in Medicina*

SCIENTIFIC PUBLICATIONS:

More than 250 issues published in National and International specialized, IMPACT FACTOR Journals

7. RESEARCH

- Investigator, Research Unit on “Biocompatibility of Carbofilm-Covered Breast Implants”; Ministry of Health, Ministry of University and Scientific Research, National Research Council (CNR), Sorin Biomedica, Rome 1993. Multi-year intellectual consultancy contract.
- Investigator, Research Unit on “Experimental Study on the Use of Zinc (II) - Marked Phthalocyanines with Iodine-131, for early diagnosis and phototherapy of Melanoma”; National Research Council (CNR), Rome 1995. 3 years
- Principal Investigator, Research Project on “Nerve Regeneration with Biodegradable Tubes Based on HYAFF® 11”, Fidia Advanced Biopolymers (FAB), Abano Terme (PD), 1997
- Main investigator, co-presenter “Drafting, dissemination and implementation of Guidelines for the prevention and treatment of Decubitus Injuries”, 2003 Regional call for funding for targeted health research projects, "Regione Piemonte. 1 year. Team: 1 medical doctor
- Main investigator and responsible presenter “Activation of an outpatient clinic dedicated to the treatment of difficult lesions in order to improve hospital-territory integration”, 2008 Regional call for proposals for the financing of finalized health research projects", Regione Piemonte 1 year. Team: 3 medical doctors; 1 nurse
- Local manager and funding for research project: "The effectiveness of a medical device (Lifewave BST) in the treatment of difficult wounds" Vivisol srl 2009-2010
- Responsible investigator, co-presenter “Negative pressure therapy of wounds with gauze with PHMB and polyurethane foam: histological and ultrasonic evaluation of the granulation tissue and the newly formed scar tissue” Local research fund, ex 60%, 2013
- Responsible investigator, co-presenter “Clinical and histological study on the use of molecular quantum resonance in the healing of difficult wounds,” Local Research Fund, ex 60%, 2014

CV: FRACCALVIERI Marco, M.D.

- Responsible investigator, co-presenter “Development and clinical use of a new matrix of reticular de-epithelized human dermis derived from cadaver for immediate reconstruction breast alloplasty, in one or two surgical times after mastectomy with skin sparing mastectomy or skin-nipple areola complex (nipple sparing mastectomy).” Local research fund, ex 60%, 2015.
- Investigator, Research Unit on “Biocompatibility of Carbofilm-Covered Breast Implants”; Ministry of Health, Ministry of University and Scientific Research, National Research Council (CNR), Sorin Biomedica, Rome 1993. Multi-year intellectual consultancy contract.
- Principal Investigator, Research Project on “Nerve Regeneration with Biodegradable Tubes Based on HYAFF® 11”, Fidia Advanced Biopolymers (FAB), Abano Terme (PD), 1997
- Local manager and funding for research project: "Negative pressure therapy with gauze and foam: histological, immunohistochemical and ultrasonographic analysis of granulation tissue and scar tissue" Smith & Nephew year 2011
- Local manager and funding for research project: "Evaluation of the effectiveness of molecular quantum resonance on difficult to heal wounds" Telea electronic Engineering srl 2015 Team: 2 medical doctors
- Principal investigator national multicenter study "BLUR study on the efficacy of treatment with a blue light medical device (Emoled) in the reduction of ulcer surface in 10 weeks" Emoled - IFAC-CNR institute of Florence CNR, Florence 2017- Approved by the AOU City of Health and Science Ethics Committee of Turin on 4.12.2017 Team: 7 medical doctors
- Main investigator. "Evaluation of the effects of radiation by blue LED light of the keloid scar" Emoled - IFAC-CNR institute of Florence Emoled; Approved by the AOU City of Health and Science Ethics Committee of Turin on 12.26.2017 Protocol No. 0073787. Team: 2 medical doctors

8. CLINICAL

CLINICAL ACTIVITY (COLLABORATIONS)

- At the university division of Plastic Surgery (Director: Prof. G. Bocchiotti / Prof S. Bruschi), ASO S. Giovanni Battista of Turin, from 1988 to the present. During this period Dr. Fraccalvieri carried out Department, Surgery and Operating Room activities, with numerous surgeries in the various sectors of plastic surgery, as first, second and third operator in the function of specializing and later as first operator (with active more than 5,000 surgical procedures)
- At the University Division of General Surgery (Director Prof. M. Morino), ASO City of Health and Science of Turin U, where he performed operating theater activities with numerous surgeries for the repair of post-cancer tumor demolition defects in the pelvic region

CV: FRACCALVIERI Marco, M.D.

INTERVENTI CHIR. (DH-RO) COME PRIMO OPERATORE - 1995-2018

TIPO DI INTERVENTO	NUMERO DI INTERVENTI
Addominoplastica	171
Adenomammectomia sottocutanea per ginecomastia	42
Amputazioni di arto superiore/inferiore	57
Apronevrectomia in M. Dupuytren	43
Asportazione tumori mammari e ricostruzione oncoplastica con lembi	9
Autonomizzazione di lembi pedunculati	21
Blefaroplastia superiore	108
Blefaroplastia inferiore	19
Brachioplastica	11
Circoncisione per fimosi	6
Correzione capezzoli introflessi	4
Correzione di recurvatum penieno	2
Correzione di ectropion	6
Correzione di labiopalatoschisi	5
Cranioplastiche	2
Dito a scatto	10
Drenaggio chirurgico sieroma/ematoma	58
Exeresi BCC/SCC /MSC volto	136
Exeresi BCC/SCC /MSC tronco/arti	31
Exeresi neoformazioni faccia	43
Exeresi neoformazioni sottocutanee/ sottomuscolari tronco e arti	41
Exeresi neoformazioni tronco e arti	68
Impianto di skin expander	15
Innesti microchirurgici di vena pro arteria	15
Innesti nervosi microchirurgici faccia	7
Innesti nervosi microchirurgici arti superiori	12
Innesti nervosi microchirurgici arti inferiori	5
Innesti di cartilagine	20
Innesto cutaneo	339
Impianto di derma artificiale	128
Innesto di derma omoplastico	37
Inserimento di skin expander mammario	104
Inserimento skin expander polpaccio	9
Inserimento protesi definitiva polpaccio	11
Inserimento protesi mammaria definitiva	112
Intervento per ipospadia	1
Laparoalloplastica con impianto di rete	19
Laparoalloplastica con l. musc. "component separation method"	51
Lembi locali della faccia / cuoio capelluto	125
Lembi locali random tronco e arti	98

1

Sindrome del canale di Guyon: decompressione nervo ulnare	7
Sindrome da compressione del nervo ulnare al gomito	5
Sindrome del pronatore: decompressione del n. mediano al braccio	3

2

CV: FRACCALVIERI Marco, M.D.

TIPO DI INTERVENTO	NUMERO DI INTERVENTI
Sostituzione protesi mammaria con capsulectomia	21
Skin sparing mastectomy	9
Suture arteriose/venose microchirurgiche	360
Suture nervose microchirurgiche faccia	12
Suture nervose microchirurgiche arto superiore	69
Suture nervose microchirurgiche arto inferiore	28
Tenolisi dita mano	26
Tenorrafie arto superiore/inferiore	44
Tenolisi aa inferiori	1
Toeletta chirurgica pds post-traumatiche	377
Toeletta chirurgica ulcera vascolare/ diabetica	189
Toeletta chirurgica ulcera da pressione	47
Trasposizioni muscolari arto superiore	5
TOTALE PROCEDURE	5013

CV: FRACCALVIERI Marco, M.D.

- At the University division of Sarcomi and Cancer Surgery Rari Viscerali (Director Prof. S. Sandrucci), ASO Città della Salute e Scienza of Turin U, where he performed operating theater activities with numerous surgeries for the repair of post-demolition defects oncology of the pelvic and perineal region
- At the University Division of Neurosurgery (Director Prof. Ducati), ASO S. Giovanni Battista of Turin where he performed operating theater activities, with numerous surgeries for the repair of post-traumatic defects and post-cancer demolition of the cranial region
- At the university division of ORL I - II (Directors: Prof. Sartoris / Prof. Giordano -; Prof. Cortesina / Prof. Albera) -, ASO S. Giovanni Battista of Turin, where he performed operating theater activities, with numerous surgeries for the repair of post-oncological defects on the face and neck by means of pedunculated and microsurgical flaps
- At the hospital division of Otorhinolaryngology III (Director Dr. B. Morra / ff Dr Passet), ASO S. Giovanni Battista of Turin, where he performed operating theater activities, with numerous surgeries for the repair of post-cancer face demolition defects and of the neck by means of pedunculated and microsurgical flaps
- At the hospital division of Orthopedics (Director Prof. A. Solini / ff Dr. Ruggeri), ASO S. Giovanni Battista of Turin, where he performed operating theater activities, with numerous surgeries for the repair of post-traumatic upper limb defects and inferior by means of pedicle and microsurgical flaps.
- At the university division of Maxillofacial Surgery (Director S. Berrone), ASO S. Giovanni Battista of Turin, where he performed operating theater activities, with numerous surgeries for the repair of post-cancer face and neck demolition defects using pedicle and microsurgical flaps.
- At the hospital division of Oncological Surgery and Sarcomas; Breast Unit (Head of Dr. R. Bussone), S. Giovanni Vecchio Hospital in Turin, where he performed operating theater activities, with some surgeries for the repair of post-cancer oncological defects in the mammary region.
- At the hospital division of Applied Biomedical Technologies and Oncological Surgery (Head of Dr. C. Zanon), S. Giovanni Vecchio Hospital in Turin, where he performed operating theater activities, with some surgeries for the repair of post-cancer abnormal defects in the abdominal region in ipertermochemioterapia

CV: FRACCALVIERI Marco, M.D.

- At the hospital division of Otorhinolaryngology (Director Dr. A. Cavalot), ASO S. Croce of Moncalieri, where he performed operating theater activities, with numerous operations for the repair of post-oncological defects on the face and neck by means of pedicle and microsurgical flaps
- At the hospital division of Gynecology (Director dr P Montironi), ASO S. Croce di Moncalieri, where he performed operating theater activities, with numerous post-oncological breast reconstruction operations.
- At the hospital division of Oncological Surgery, ASO S. Giovanni Battista of Turin, where he performed operating theater activities, with numerous operations for the repair of post-cancer oncology abnormalities in the abdominal and mammary region
- At the university and hospital division of General Surgery, Urology, Cardiac Surgery of ASO S. Giovanni Battista of Turin
- At the hospital division of Orthopedics, ASO S. Croce of Moncalieri (TO), where he performed operating theater activities, with some surgeries for the repair of post-traumatic defects of the upper and lower limbs using pedicle flaps.
- At the University Division of General Surgery (Dirett .: Prof. M. Morino) where he was the main contact, he carried out reconstruction operations after oncological demolition of the pelvic floor, using pedicle flaps
- At the University Division of Cardiac Surgery (Dirett .: Prof. Rinaldi) where he was the main contact person for reconstruction operations with flaps after dehiscence of surgical wounds in the sternal region
- At the SCDU of Otolaryngology of this hospital directed by Prof. Roberto Albera, in the execution of many oncological surgeries in the cervico-facial region, performing first-hand reconstruction of residual defects with different types of flaps, also innovative, myocutaneous pedicle, fasciocutaneous and perforators.
- At the hospital division of Nuovo Ospedale degli Infermi, Biella (Director Dr. F. Gervasio) where he carried out reconstruction of the cervico-facial region after oncological demolition, using pedicle flaps
- At the SSD Emergency Division Urgency ENT (Director Dr. E. Passet) where he carried out reconstruction of the cervino-facial region after oncological demolition, using pedicle and microsurgical flaps

CV: FRACCALVIERI Marco, M.D.

- At the university division of Dermatology (Director Prof. MT Fierro) where he was the main referent for surgical management and not for skin ulcerative lesions, very often expression of dermatological syndromes.
- Cooperation with the Orthopedic Unit of the Maria Pia Hospital in Turin (Resp .: dr L. Sordo) for the evaluation and treatment of complex surgical wounds
- Cooperation with the Cardiac Surgery Unit of Maria Pia Hospital in Turin (Resp .:) for the evaluation and treatment of complex surgical wounds
- I work at private clinic with various cosmetic surgery and reconstructive plastic surgeries.
- I work in my private office with several laser therapy operations (Qswitch, Aura, CO2, CO2 with radiofrequency)

9. ADMINISTRATION

CV: FRACCALVIERI Marco, M.D.

- 2000-now : Member of the Interdisciplinary Commission for the drafting of guidelines on Pressure Ulcers of Azienda Ospedaliera Universitaria Città della Salute e della Scienza di Torino, Italy
- 2001-now: Member of the Interdisciplinary Commission for the drafting of guidelines on Diabetic Foot Ulcers, Azienda Ospedaliera Universitaria Città della Salute e della Scienza di Torino, Italy
- 2001-now: Coordinator of the Interdisciplinary Commission for the drafting of therapeutic protocols on difficult wounds, Azienda Ospedaliera Universitaria Città della Salute e della Scienza di Torino, Italy
- 2013-now: Member of Interdisciplinary Commission of Neoplastic pathology of the pelvis, AOU Città della Salute e della Scienza di Torino, Italy

10. HONOURS AND AWARDS

- 1996 Annual Award Diploma "Prof. L. Fornaca di Sessant": Winner of the Competition announced by the Pia Lobetti Bodoni Foundation and the Fornaca of Sessant Clinic, for the scientific activity carried out in the field of Plastic Reconstructive Surgery; with a motivation letter for the award

11. PROFESSIONAL SOCIETIES

- Member of the Italian Society of Plastic, Reconstructive and Aesthetic Surgery, from 1992 to 2010.
- Ordinary Member of the Italian Society of Plastic, Reconstructive and Aesthetic Surgery, from the year 2010.
- Member of the Italian Society of Microsurgery, from the year 1995.
- Member of EWMA, European Wound Management Association, from 2008 to present
- International Member of the American Society of Plastic Surgeons, from August 2014 to present

12. OFFICIAL POSTS:

CV: FRACCALVIERI Marco, M.D.

- Collaborator for the scientific review and translation from English of medical texts with Piccin Nuova Libreria S.p.A., from March 1994
- MEDIATOR for civil and commercial disputes, from 2012 till nowadays

13. TECHNICAL AND SCIENTIFIC ROLES

- Member of the Editorial Board of the *Negative Pressure Wound Therapy Journal* from January 2015 to the present
- Member of the Editorial Board of the *EC ORTHOPAEDIC* from January 2017 to the present
- Member of the Editorial Board of the *European Journal of Plastic Surgery* from January 2017 to present
- Member of the Editorial Board of the *Clinical Dermatology Open Access Journal* from July 2017 to the present
- Member of the Editorial Board of the *Annals of Nursing and Practice* from January 2018 to today

- Reviewer for an article published in *International Wound Journal*, 01.2012
- Reviewer for an article published in the *Journal of Biomedical Graphics and Computing*, 06.2012
- Reviewer for an article published in the *Journal Archives Dermatological Research*, 04.2012
- Reviewer for an article published in *PLOS ONE*, 08.2012
- Reviewer for an article published in the *Journal of Obstetrics and Gynaecology Research*, 2014

- Attendance certificate as invited speaker at the "*Therapy Podcisnienowa: ciao dalszy nastapil*" (*Negative pressure therapy*), 2-3.3.2018, Poznan, Poland
- Attendance certificate as invited speaker for the course "*Training in dermatological ultrasound training*" Turin, 23.3.2018
- Attendance certificate as invited speaker at the *1st Congress "the minimally invasive route anterior to the hip in Italy and beyond"* Genoa, 7-8-9.6.2018

CV: FRACCALVIERI Marco, M.D.

ORGANIZATIONS and SCIENTIFIC SECRETARY OF CONGRESS

- Scientific secretary of the congress "*Plastic surgery in day surgery*" in National Day surgery days, Turin 30.11 / 1-3.12.1998
- Scientific responsible in the Public speaking *Techniques course: update and development of the doctor's exhibition skills in presentations* ECM course for doctors, Turin, 2007
- Scientific Director of the Training Course "*From the simple wound to the complex wound: what we should know*", ASO S. Giovanni Battista of Turin, October 2009
- Scientific secretary of the congress "*From the simple wound to the complex wound: what we should know*", Turin 8.10.2009
- Didactic Director of the Postgraduate Course in *Aesthetic Surgery and Aesthetic Medicine*, 1st edition, A.A. 2011-2012, University of Genoa, University of Turin.
- Scientific secretary of the *COPE congress: Beyond breast reconstruction*, 1st Interdisciplinary Meeting, Turin, 16-17.5.2014
- Scientific secretary of *XXVII National SIF Congress*, Turin, 13-15.11.2014
- Scientific secretary of *XXVI National Congress of the Italian Society of Microsurgery*, Turin 26-28.11.2015
- Scientific secretary of *65th National Congress of the Italian Society of Plastic, Reconstructive and Aesthetic Surgery*, Turin 21-24.9.2016
- Scientific secretary of CME Training Course "*Focus on Cutaneous Pathologies*", ASO U City of Health and Science of Turin, University of Turin, 04.07.2018

14. GRANTS

- Scholarship winner, post-graduate School in Plastic, Reconstructive and Aesthetic Surgery, University of Turin, Italy , 5 years, 1988-1993
- Scholarship winner Contribution "other interventions" obtained by the National Committee for Biological and Medical Sciences of the National Research Council (CNR) for study stay at the Division of Microsurgery of Washington University, St. Louis, Missouri, USA, for Research and Clinic in the field of reconstructive microsurgery

CV: FRACCALVIERI Marco, M.D.

- CNR-NATO scholarship winner competition notice n. 215.29 / 04 of 16.05.1996 of the National Research Council for a 12-month post-graduate stay in the United States

15. PATENTS

- Principal Investigator, "Continuation", registered on May 13, 1997, in U.S. Patent Application No. 08 / 374,715 of Fidia S.p.A., Abano Terme (PD) filed on March 23, 1995, entitled "BIODEGRADABLE GUIDE CHANNELS COMPRISED OF ESTERS OF HYALURONIC ACID FOR USE IN TISSUE REPAIR AS SURGICAL AIDS"

16. THESIS DIRECTOR

- 1998, SPECIALIZATION SCHOOL IN RECONSTRUCTIVE PLASTIC SURGERY candidate dr. Raso M., thesis: *Use of the ACP gel 60 as a buffering and anti-adhesion shell in the microvascular anastomosis*
- 2000: SPECIALIZATION SCHOOL IN RECONSTRUCTIVE PLASTIC SURGERY candidate dr Dolcet M., thesis: *The superficial sural fasciocutaneous flap with a distal base for the reconstruction of post-traumatic losses of substance in the distal third of the leg and foot*
- 2004: SPECIALIZATION SCHOOL IN RECONSTRUCTIVE PLASTIC SURGERY candidate dr Devalle L., thesis: *Reconstruction of soft tissues with perforating flaps*
- 2005: SPECIALIZATION SCHOOL IN RECONSTRUCTIVE PLASTIC SURGERY candidate dr Borra L., thesis: *Vertical reduction mammoplasty*
- 2006: SPECIALIZATION SCHOOL IN RECONSTRUCTIVE PLASTIC SURGERY candidate dr Valtorta I., thesis: *The sural flap in the reconstruction of the defects of the distal third of the leg and foot*
- 2008: SPECIALIZATION SCHOOL IN RECONSTRUCTIVE PLASTIC SURGERY candidate dr., thesis: *The pedicle flaps for the reconstruction of the lower limb*
- 2009: SPECIALIZATION SCHOOL IN RECONSTRUCTIVE PLASTIC SURGERY candidate dr Carlucci S., thesis: *The use of intact artificial dermis*
- 2010 : SPECIALIZATION SCHOOL IN RECONSTRUCTIVE PLASTIC SURGERY candidate dr Boriani, thesis: *Anatomical study of the perforating limbs of the lower limb*

CV: FRACCALVIERI Marco, M.D.

- 2012 SPECIALIZATION SCHOOL IN RECONSTRUCTIVE PLASTIC SURGERY candidate dr Zingarelli E., thesis: *The anterolateral flap of microsurgical thigh in plastic surgery reconstruction*
- 2015 SPECIALIZATION SCHOOL IN RECONSTRUCTIVE PLASTIC SURGERY candidate Drssa Capello L., thesis: Difficult post-surgical wounds: treatment profiles and regenerative medicine
- 2017: SPECIALIZATION SCHOOL IN RECONSTRUCTIVE PLASTIC SURGERY candidates: Dr. M. Salomone; thesis: *Quantic Molecola Resonance in difficult wound healing*
- 2018: SPECIALIZATION SCHOOL IN RECONSTRUCTIVE PLASTIC SURGERY candidate drssa Mohalem Lia, thesis: *Periapolar reductive mastopexy with supero-medial peduncle: indications and applications in reconstructive and oncological plastic surgery*
- 2008-2019: Thesis discussion and academic tutor as part of the 1st level Master's Degree in Vulnology, in relation to the official activity "*The decubitus: prevention and treatment*" (Supplementary course: Plastic Surgery: indications and limits), Faculty of Medicine and Surgery, University of Turin

17. CANDIDATE'S REMARKS AND COMMENTS

- excellent predisposition to teamwork and surgical collaboration with other medical specialties
- excellent knowledge of **English language** written and spoken, result of school culture and teaching courses at English centers abroad and private courses with frontal lessons at Shencker Institute, Turin, Italy
- good knowledge of the **French language** resulting from private teaching courses with frontal lessons with a mother language teacher.

18. DATE
